

Remote Meeting Policy

All Board meetings will be open to the public except those portions that are executive sessions. The Board will make reasonable efforts to ensure that all meetings are held in an appropriate facility that can adequately accommodate all members of the public who wish to attend. When the Board schedules a meeting on at least one week's notice, it will give or electronically transmit public notice of the time and place to the news media and conspicuously post the notice in one or more designated public locations at least 72 hours before the meeting. Notice of other meetings will be given or electronically transmitted, to the extent practicable, to the news media and conspicuously posted at one or more designated public locations at a reasonable time before the meeting. When the Board has the ability to do so, it will conspicuously post meeting notices on the District's website. If videoconferencing or online technology is used, the public notice for the meeting will inform the public, identify the location of the Board member who is participating via videoconference or online technology, and state that the public has the right to attend at any of the locations. If a meeting is streamed live over the Internet, the notice will inform the public of the website's Internet address. Voting may be done through videoconferencing, provided that the Board member can be seen and heard while the voting is taking place.

Adopted by the Board of Trustees on July 14, 2025
